BURN X

JET STREAM

Integrated within the helmet shell, our unique vent design and X-channel directs air flow through the helmet and around the player's head to help stay cool on the field.

OMNISHOCK SYSTEM

Integrated shell and liner focused impact zones on the frontal lobe, temples, and occipital are reinforced with IMPAX ABSORB Pods that defuse energy.

CUSTOM FIT INSERT

Heat moldable inserts in the front and back of the helmet allow for a custom fit for each individual player, providing the perfect fit no matter the head shape. Dialing in the perfect fit is not just about comfort, it is all Step 1 in protection

BOA[®] adaptFIT 270

Located in the rear of the helmet, the BOA Closure System surrounds the head 270 degrees, giving players a custom fit helmet for safety and comfort by allowing micro-adjustability on the fly. Dial in the perfect fit.

BURN X

Every player deserves a helmet that not only offers unmatched protection, but also ensures your utmost comfort on field. That's where the Burn X steps in...redefining comfort and performance with its innovative design and advanced features.

NEW

BURN X HELMET CHROME MASK

ITEM CODE: BXHCM4 (OSZ)

COLORS: BK, WH

- Custom Fit Inserts – Heat moldable inserts in the front of the helmet allow for a custom fit for each individual player, providing the perfect fit no matter the head shape.
- Adaptfit 270 by BOA – located in the rear of the helmet, the BOA Closure System surrounds the head 270 degrees, giving players a custom fit helmet for safety and comfort by allowing micro-adjustability on the fly.
- Jet Stream – Integrated within the helmet shell, our unique vent design directs air flow through the helmet and around the player's head to help stay cool on the field.
- OMNISHOCK Protection System with IMPAX – a holistic approach to head protection focused on safety first. All shell and liner compositions are integrated by design. Focused impact zones on the frontal lobe, temples and occipital are reinforced with IMPAX absorb pods that diffuse energy. Impax pods absorb both linear and twisting impacts. The diffusion of force through the helmet is not one materials full responsibility. The Burn X shell and EPP are the core of safety forming a lightweight barrier that provides protection against catastrophic injury. The IMPAX soft touch foam shield and the ABSORB pods are special elements designed for specific small and large impacts.
- Meets or exceeds all NOCSAE standards and is SEI certified.
- Retail Box Included.

HEAD TECHNOLOGY

Dynamic hybrid thermoplastic which increases stability and consistency in various environments and conditions. Therma-Loc+ retains its stiffness properties up to 50% better than standard nylon lacrosse heads.

Thermoplastic that provides elite performance in high heat.

Bottom rail features a unique spine design that provides mesh and string protection. Allows for easy stringability and a secure pocket.

BLADE RAIL

Advanced bottom rail allows you to knife through the ball, creating the smoothest exit on the draw.

SCOOP DIFFUSER

Scoop diffuser with strategically placed ridges to reduce drag on groundballs.

symRAIL

Symmetrical sidewall design - the inside of the sidewall mimics the outside, reducing weight without sacrificing stiffness. The result is a perfectly balanced head.

MAX

Max design reinforces areas to dramatically increase stiffness and durability allowing players to throw Extreme check with no worries.

ISO

WARP | MESH

ISO Warp Mesh isolates the state-of-the-art Warp knitting technologies and lets you have a fully customizable experience.

TRUEOFFSET

Lowers the sidewall below the centerline of the shaft - this lowers the center of gravity in your head, giving you the ability to create a deeper pocket for added ball control and shot power.

THE FORMULA

NEW

BURN FORMULA

ITEM CODE: BFUH4 (UNSTRUNG)
 COLORS: WH, CLR

- You (Performance + Recovery) = the Formula.
- Designed and developed with MVP and face-off athlete of the year, Trevor Baptiste.
- The new Blade Rail allows you to knife through the ball, creating the smoothest exit on the draw.
- Improved stability from sidewall to scoop is the Formula for the most offensive face-off head in the market allowing torsion on the draw, while recovering for down field accuracy.
- Aggressive scoop diffusers reduce drag and improves airflow on ground balls.
- Meets all NFHS, NCAA, Lacrosse Canada, and World Lacrosse men's field specifications.

M MIDFIELD

SHAFT TECHNOLOGY

CARBON SHAFT MATERIALS

ALLOY CORE CARBON

Perfect balance between weight and strength ratio...carbon weight with alloy flex and strength..

MINIMUS CARBON

Ultralight and high-strength carbon fiber is engineered with multiple layers and orientations to give strategic flex and impact performance.

BURN CARBON 2

Our stiffest carbon fiber layered to provide balance between weight and impact performance. Unidirectional weave, to provide balance between lightweight performance and strength.

CARBON LITE 2

Our most flexible carbon fiber layered to provide all-around lightweight performance and durability.

ALLOY SHAFT MATERIALS

POWERED BY KRYPTO-PRO

Our most premium 7000 grade material, this is our lightest handle material. The manufacturing process has been refined by Warrior's top material engineers to make this the strongest and lightest of Krypto-Pro material we have developed to date.

POWERED BY KRYPTOLYTE

The most popular handle material in the Warrior lineup - made from performance grade 7000 aluminum and provides all-around lightweight performance and durability.

SHAFT DIE SHAPES

CONTROL

CONTROL DIE SHAPE

Superior stick control and yields the best strength to weight ratio in any of our materials. Featured in the new Evo handle series.

SPEED

SPEED DIE SHAPE

Traditional shape with rounded edges makes for a softer feel and yields the lightest weight in any of our materials. Featured in the Burn handle series.

SHAFT GRIPS

SLIDE GRIP

SLIDE GRIP

Full length raised grip shaft that provides superior feel with less wear and tear on your gloves.

STAR MATRIX

STAR MATRIX GRIP

Raised grip located on key areas of the shaft for complete control and less wear and tear on your gloves.

DIAMOND

DIAMOND GRIP

Sandblasted texture embossed directly into the handle that provides great touch, adds no weight and never wears off.

NO GRIP

NO GRIP

Classic feel with no added textures or coatings. For players who like to add their own tape pattern, or just keep it smooth.

EVO

EVO V ALLOY CORE CARBON

ITEM CODE: EVAS4
 SIZE: 30"

GLOVE & PROTECTIVE TECHNOLOGY

IMPAX LT **IMPAX LT**
Lightweight HD foam segmented in key areas for superior impact performance.

DUAL DENSITY FOAM
Utilizes denser foam on the outside to deflect impact and lower density foam on the inside to provide comfort.

LOCK THUMB +
Built with injection molded ABS plastic, memory foam, & high-density foam for high-powered impact absorption.

IMPAX
High Density foam molded and segmented in key impact areas for high impact performance.

SINGLE DENSITY FOAM
Medium density foam provides a great balance between flexibility and impact deflection.

LOCK THUMB
Built with memory & HD foam for high-powered impact absorption - ABS plastic backing prevents backbend.

BONESYSTEM **BONE SYSTEM**
Molded PE (poly-ethylene) board layered in with other foam in key impact zones to provide improved impact performance.

FLOATING CUFF
Patented internal wrist cuff that is attached to the glove with small elastic straps.

SEI CERTIFIED STERNUM
Meets NOCSAE performance standard ND200 for Commotio Cordis.

FIT/COMFORT TECHNOLOGY

AXYFLEX **AXYFLEX**
Backhand and cuff tech that promotes peak flexibility.

AUTHENTIC PRO PALM +
We stripped out all the additional overlays and mesh inserts, and designed a simple palm featuring AX Suede Fit which is our thinnest palm material. This palm has tons of stretch to provide a comfortable form fit, great durability, and is water resistant. Lycra gusset at base of the thumb maximizes stretch and reduces palm bunching.

NO-SLIP GEL PRINT
Specialized grip applied inside arm pad sleeve that reduces pads from sliding down your arm during play.

CLOUD CUFF **CLOUD CUFF**
Our latest glove cuff that provides max flexibility.

AUTHENTIC PRO PALM
This AX Suede Tiempo palm provides a comfortable fit. Built in AX Suede 10W overlay on index and middle finger provides maximum durability.

2-TIMER STRAP
Gives players the ability to adjust both ends of the Velcro strap to provide the most ideal fit.

TOTAL FLX **TOTAL FLX +**
This cuff eliminates the bulk of traditional cuffs for maximum mobility and wrist rotation.

LOWPRO
Our lowest profile pad that delivers superior impact performance.

LINER/SLEEVE TECHNOLOGY

WARTECH A/C
Moisture management material that is cool to the touch even on the hottest days for unbelievable comfort.

WARTECH
Moisture management material that helps wick moisture away from the body.

WARTECH FLX
2-way stretch, moisture wicking material that provides comfort & flexibility while keeping you dry.

FLX MESH
Breathable single stretch mesh sleeve that provides a snug fit to improve overall flexibility.

FATBOY ALPHA ONE PRO BOX HELMET & CAGE

ITEM CODE: FBAPC9 (L, M, S) - FB ALPHA ONE PRO COMBO
 HELMET SHELL COLORS: White, Black
 MASK COLORS: Chrome Only

- A Warrior helmet designed for premium protection, superior fit and sleek styling.
- True One Pro Shell - A one piece high density plastic shell that provides a superior stiff, strong and lightweight barrier of advanced protection. The True One Pro shell has a distinct geometry designed to balance a slim look and provide good impact diffusion.
- OmniShock Protection System w/ Impax Foam - Focused impact zones on the frontal lobe, temples and occipital are reinforced with Impax absorb pods that diffuse energy. Impax pods absorb both linear and twisting impacts. The True One Pro shell and EPP is the core of safety, forming a lightweight barrier that provides protection against catastrophic injury.
- AdaptFit 270 by BOA - The AdaptFit 270 fit system is micro adjusted with a BOA dial pulling the liner to your head.
- Flow Comfort Liner and Venting - Our removable flow liner pads are treated by Polygiene. They absorb sweat, dry quickly to keep you cool and odor free. Airflow through the shell is optimized by design to keep you from overheating.

BOA ADAPTFIT 270 FIT SYSTEM

HEAD TECHNOLOGY

Dynamic hybrid thermoplastic which increases stability and consistency in various environments and conditions. Therma-Loc+ retains its stiffness properties up to 50% better than standard nylon lacrosse heads.

Material is cored out of specific locations of the sidewall; this reduces weight while maximizing stiffness. The result is a more accurate head.

Symmetrical sidewall design - the inside of the sidewall mimics the outside, reducing weight without sacrificing stiffness. The result is a perfectly balanced head.

TruOffset Technology lowers the sidewall below the centerline of the shaft - this lowers the center of gravity in your head, giving you the ability to create a deeper pocket for added ball control and shot power.

**SCOOP
DIFFUSER**

Scoop diffuser with strategically placed ridges to reduce drag on groundballs.

- The Edge Pro + incorporates Therma-lock+ technology, a stiffer resin designed to perform in all temperatures.
- Built with our updated Truoffset Technology! The top & bottom rails drop from the ball stop toward the scoop creating a direct route for the ball to flow toward the sweet spot.
- An engineered flex profile in the upper third of the head allows the head to flex with the ball creating a tighter channel on shots and passes.
- Features our newest ISO Warp mesh runner piece that is designed with stiffer vertical runners and varying diamond sizes for maximum hold.
- Web-X Pocket provides superior hold and feel.
- Edge Pro Carbon handle is engineered with a high-strength, lightweight carbon composite weave making this our lightest handle.
- Shape- Octagonal, Size- Mid-diameter, Grip- Tactical grip finish.
- Meets USA Lacrosse, NFHS & World Lacrosse specifications.

B BEGINNER

TRUOFFSET

EDGE RISE

COMPLETE STICK 42"

ITEM CODE: EDGRISE3

COLORS: VPK VIBRANT PINK, TL TEAL, LTB LIGHT BLUE

- This head is just shy of maximum TruOffset Technology to help increase the pocket depth and maintain ball retention for beginners.
- Lowered sidewalls provide maximum legal pocket depth
- Wider face for increased surface area when learning to catch
- U-shape scoop for ease on ground ball pickups
- Meets USA Lacrosse, NFHS & World Lacrosse specifications

B BEGINNER

TRUOFFSET

NEMESIS QS STICK

COMPLETE STICK
 ITEM CODE: NQS2 (GLE)
 COLORS: WH

- Well deserved facelift for our top performing goalie head.
- Therma-Loc+ adds reinforcement to prevent backbend on those dimes from outside.
- Therma-Loc+ provides consistency whether making a save or an outlet pass.
- Elongated ergonomic throat provides ultimate feel when between the pipes.
- Features a 30" Nemesis shaft.
- Meets all NFHS, NCAA, Lacrosse Canada, and World Lacrosse men's field specifications.

G GOALIE

NEMESIS LITE STICK

COMPLETE STICK
 ITEM CODE: NLGC3 (GLE)
 COLORS: WH

- Faster hands = More Saves!
- Features a 30" Nemesis shaft.
- The Nemesis LITE approximately 325 grams, making it one of the lightest performance goalie Warrior has ever made.
- Don't worry about those hard shots bending your stick back - this head has the stiffness to take on the hardest shots.

KROWN PRO

ITEM CODE: KRWNPSH3 (HEAD - STRUNG)

COLORS: NAT, BK, WH, WYL

ITEM CODE: KRWNPUH3 (HEAD - UNSTRUNG)

COLORS: NAT, BK, WH

- Features an aggressive 14-degree Offset Technology.
- Updated sidewall struts increases stiffness in key areas for draw controls and defensive play.
- Interior sidewall notches help control direction of the ball on draws.
- Therma-loc+ offers extra durability throughout the head.
- Breeze through ground balls with the new Diffuser technology throughout the scoop.
- New Web-X pocket features an advanced design for high pocket hold and performance.

A ADVANCED

EDGE PRO+

ITEM CODE: EDGEPPSH4 (HEAD - STRUNG)

COLORS: NAT, BK, WH, WYL

ITEM CODE: EDGEPPUH2 (HEAD - UNSTRUNG)

COLORS: NAT, BK, WH

- The Edge Pro + incorporates Therma-lock+ technology, a stiffer resin designed to perform in all temperatures.
- Built with our updated Truoffset Technology! The top & bottom rails drop from the ball stop toward the scoop creating a direct route for the ball to flow toward the sweet spot.
- An engineered flex profile in the upper third of the head allows the head to flex with the ball creating a tighter channel on shots and passes.
- Web-X Pocket provides superior hold and feel.
- Meets USA Lacrosse, NFHS & World Lacrosse specifications.

A ADVANCED

EDGE PRO

ITEM CODE: EDGPPSHM3 (HEAD - STRUNG)

CARBON SHAFT MATERIALS

MINIMUS CARBON

A high strength, lightweight carbon composite weave that lends to super lightweight performance.

CARBON

Stiffest carbon fiber layered to provide balance between weight and impact performance. Unidirectional weave, to provide balance between lightweight performance and strength.

COMPOSITE

Composite handles are light weight and provide excellent feel. Brine offers a wide variety of die shapes, grips and colors.

ALLOY SHAFT MATERIALS

POWERED BY KRYPTO-PRO

Premium 7000 grade material, this is our lightest handle material. The manufacturing process has been refined by Warrior's top material engineers to make this the strongest and lightest of Krypto-Pro material we have developed to date.

ALLOY 6000

Performance grade 6000 aluminum and provides all-around lightweight performance and durability.

SHAFT DIE SHAPES

SPEED OCTAGON
Longer sides and a shorter spine for a narrow feel and maximum stick movement.

CLASSIC OCTAGON
Classic die shape provides comfort with a traditional feel.

SHAFT GRIPS

RAISED GRIP
Raised grip located on key areas of the shaft for complete control and less wear and tear on your hands or gloves.

TACTICAL GRIP
Full length raised grip shaft that provides superior feel with less wear and tear on your gloves or hands.

SOFT COAT
Soft-coated finish provides excellent feel and hold in all weather conditions.

NO GRIP
Classic feel with no added textures or coatings. For players who like to add their own tape pattern, or just keep it smooth.

LIMITED EDITION KROWN PRO MINUMUS CARBON

ITEM CODE: L-KPCRB3

- Beaded foam technology helps disperse the impact of the ball and circulate air flow
- Designed to be worn under shorts
- Elastic waistband with reinforced pull loops reduce ripping
- Updated design provides ultimate comfort and flexibility
- Machine washable

NEMESIS GLOVE

ITEM CODE: NG19 (S, M, L, XL)
 COLORS: BK, WH

- Designed to provide superior feel and enhanced impact performance
- Updated Lock-Thumb to provide improved flexibility and feel
- Bone System impact technology built into the knuckle area to absorb impacts
- Authentic Pro Palm is a single layer palm construction that allows you to have tremendous feel and durability

TRIUMPH GOALIE SHIN

ITEM CODE: WGSHIN3 (OSFM)
 COLORS: GRAY

- Flex-point hard shell plates provide maximum protection and improved comfort
- Velcro strap system provides maximum venting

NEW

BURN X HELMET CHROME MASK

ITEM CODE: BXHCM4 (OSZ)

COLORS: BK, WH

- Custom Fit Inserts – Heat moldable inserts in the front of the helmet allow for a custom fit for each individual player, providing the perfect fit no matter the head shape.
- Adaptfit 270 by BOA – located in the rear of the helmet, the BOA Closure System surrounds the head 270 degrees, giving players a custom fit helmet for safety and comfort by allowing micro-adjustability on the fly.
- Jet Stream – Integrated within the helmet shell, our unique vent design directs air flow through the helmet and around the player's head to help stay cool on the field.
- OMNISHOCK Protection System with IMPAX – a holistic approach to head protection focused on safety first. All shell and liner compositions are integrated by design. Focused impact zones on the frontal lobe, temples and occipital are reinforced with IMPAX absorb pods that diffuse energy. Impax pods absorb both linear and twisting impacts. The diffusion of force through the helmet is not one materials full responsibility. The Burn X shell and EPP are the core of safety forming a lightweight barrier that provides protection against catastrophic injury. The IMPAX soft touch foam shield and the ABSORB pods are special elements designed for specific small and large impacts.
- Meets or exceeds all NOCSAE standards and is SEI certified.
- Retail Box Included.
